Ok....looks like there is a hair on fire case with **Ex. 6 Personal Privacy (PP)** I might have to deal on PMNs this morning....here is agenda in case we can talk this morning, at lunch time, late today or early tomorrow...(I will be off starting Wed around noon).

(P.S. – I am coming in Wed morning to meet with someone from out of town who is attending workshop today and wanted to meet in person on Wed – Amy Clippinger from PETA).

Ex. 6 Personal Privacy (PP) – sorry...was tied up on the CBI side....came by a few minutes ago and your door was shut...I knocked...will be happy to meet (I can stick around a little longer.

Topics I wanted to cover (sorry I have not sent out my normal agenda) in case we don't touch base today....

1. A big THANK YOU for taking care of index cards for RAD Behaviors...
2. About once a week I have to let [Ex. 6 Personal Privacy (PP)] in the office first thing in the morning...she is worried she won't be able to get in during the holidays with such a sparse staff...
3. Although I will be off starting Wed afternoon through Jan 6, I will call in at Thursday management meeting (want to talk about asbestos replacement for [Ex. 6 Personal Privacy (PP)])
4. I will be canceling alternatives meeting for Wed (will be on the road and won't be able to host)
5. I would like to talk about someone from OPPT giving a talk at the HESI Risk 21 summit in February - <https://risk21.org/>
